

**Canadian Association of Animal Health Technologists and Technicians  
Association Canadienne Des Techniciens et Technologes en Santé Animale**

Dear Ontario Veterinary Technologists,

The Mission Statement of CAAHTT-ACTTSA is “To be the national and international voice providing coordination and resources to support our members in the delivery of animal health care services.” and our Vision Statement is “CAAHTT is the national voice providing leadership and resources to strengthen the Animal Health Technologist/Veterinary Technician profession.”

Since 1989, CAAHTT-ACTTSA has worked towards our goals with representatives from the seven Provincial Associations working hard to promote unity, the profession, and represents the interest of over 2500 AHT/VT/RVTs that belong to those Associations.

Since the withdrawal of the OAVT from our national association this past year, we have heard from many of you who wish to maintain your relationship with CAAHTT-ACTTSA. We wish to continue our representation of all AHT/VTs across Canada. As a result, we recently passed bylaw changes that allowed the creation of a new membership category for individual Ontario members.

CAAHTT-ACTTSA has worked hard to secure representation on committees that affect our input into our own profession such as the CVMA Professional Development, Veterinary Technician Testing Committee, CVMA AHT/VT Program Accreditation, and the Canadian Veterinary Reserve. CAAHTT-ACTTSA values the contributions that our members are making on these committees. With the creation of the new membership class, Ontario VTs can continue their roles as CAAHTT representatives on these committees.

Membership application forms can be found on our website: [www.caahtt-acttsa.ca](http://www.caahtt-acttsa.ca)

Thank you for your support!!

Our ability to reach out to all the VTs in Ontario is limited, so please forward this letter to everyone you know that might be interested in a membership.

Regards,

Michele Moroz RVT, RMLAT  
President CAAHTT/ACTTSA
